Dear Sir:

A telephonic interview occurred between the undersigned, Murrell Blackburn and Examiner Randy Peaches regarding the prior art at issue (U. S. Patent No. 6,731,940 B1, "Nagendran"). During the interview, the Applicant presented the argument that the Examiner failed to identify evidence wherein the inherency would be supported. Therefore, the Examiner agreed to reopen prosecution and issue a notice of allowability or another office action providing the appropriate evidence.

If the Examiner believes a telephone conference would advance the prosecution of this application, the Examiner is invited to telephone the undersigned at the below-listed telephone number.

It is believed that no fees are due in the present. However, please consider this a PETITION FOR EXTENSION OF TIME for a sufficient number of months to enter these papers or any future reply, if appropriate. Please charge any additional fees or credit overpayment to Deposit Account No. 13-2725.

Respectfully submitted,
